

To those club members interested in assisting the coaches and helping with school groups or social visits by corporate groups,

There will be a meeting for those of you interested in helping in these areas. It will be held on Feb. 17th (Sunday) at 3pm - after darts. Some main points to be discussed will be the role of the assistant or helper, how you can work with the club coaches during instruction sessions, making the guests or school students feel comfortable on the green - making it a positive experience and being good ambassadors for the club. Open House and instructional session dates and times will be available. If needed the club will provide some training for anyone wanting to know more about the proper delivery teaching methods used by the coaches. We will also try to answer any questions you have about player development in the club.

For the coaches - I have emailed Dave Mathie about updates in bowl delivery methods. He will be getting back to me with information and a possible meeting at the club.

For those interested in the officiating side of the sport. There will be an Umpires course May 30th (Thursday) starting at 10 am at Juan de Fuca. More information to come.

Juan de Fuca is hosting the Canadian Singles in August. A Markers course is expected to be held at sometime in the months leading up to the Championship.
